

To whom it may concern

Our company, Emil Lundgren AB, has during the years 1996-1998 engaged Swel AB as main supplier for electrical material, machines and transport services for our projects at that time in Lithuania, Poland and Hungary.

We have seldom met such high level of service and reliability as with Swel AB, not even for our daily business in Sweden.

Their efforts are characterized by professionalism and integrity and we would gladly use them again for new assignments abroad.

Gothenburg, Sweden, on 7th June 2005

Gunnar Nilsson
